ACTIVITIES OF STATE DEPARTMENTS—OTHER HAPPENINGS

Special Columbus Correspondent.
Columbus.
HOW old must a woman be before she can legally take a drink? This is a question which has been put up to the state liquor license commission, and which has been referred by that body to Attorney General Turner for a solution. Can a woman be served with drinks in a grill room when she is 18, the age that she may be married, or must she wait until she is 21, the age when she wants to vote and when she may acquire property in her own right? These knotty problems were raised before the Franklin county licensers, and set them guessing. After discussing the matter from various angles, the officials concluded that they did not know, and washed their hands of it by calling upon the highest authorities to find the answer. The opinion of the attorney general will be awaited with no little interest by every county liquor license board in the state.

Large Number of Contestants.
A total of 591 contestants are competing for the four-year scholarships in the college of agriculture of the Ohio State University this year. This is the largest number ever entered in the contest. There are 20 scholarships offered, five for each of the four districts into which the state has been separated. The contestants were examined April 14. Northeastern Ohio had the largest number, 243. There were 145 from northwestern Ohio, 107 from southeastern Ohio and 96 from the southwestern part of the state. The high school with the most contestants was Margaretta high school of Castalia, Erie county, with 17. There were a few girls in the contest, as the scholarships may be in either agriculture or home economics.

Would Make Changes.
Capt. George L. Converse, speaking of the new federal military bill that is now all but a law, said it would make radical changes in the military department of the Ohio State University which is now by detail of the war department in charge of that department. The requirements would be a great deal more drastic and students in the first and second year classes would not be able to get out of military training as now by merely claiming weak hearts, stiff legs, etc. He also said that the co-eds would, no doubt, be required to take instruction in Red Cross work while their brothers were engaged in the military department.

Will Receive 50,000 Volts.
At the annual electric show to be given by the electrical engineering department of the state university on April 27, 28 and 29, J. J. Hoerath, a senior in the electrical engineering department, will submit to the audience a current of 50,000 volts through his body. By treatment it is said the powerful current, 25 times greater than is necessary to kill a man, will not harm him. To prove that he is conveying the current through his body, Hoerath will light a taper with sparks from his fingers.

Permits Filing of Briefs.
Permission was given by the supreme court to Wallace D. Yapple and James Boulger to file briefs in the suits pending there to test the right of liability insurance companies to write workmen's compensation policies. The brief by Commissioner Yapple will deal with the right of the companies as they claim to sell compensation insurance, and Boulger will confine his attention to arguments in support of the constitutionality of Section 22, that permits solvent employers to carry their own risk.

Clifford Wins in Referendum.
O. C. Van Schoyk, the state secretary of the Socialist party, announces that the referendum vote to select party candidate for the state offices has resulted in the nomination of Tom Clifford of Cleveland over William Patterson for governor, J. L. Bachman of Columbus for attorney general and J. C. Madden of Continental for supreme judge. Because no one got a clear majority for the other positions on the ticket a new referendum vote will have to be held.

Suicides in State House Yard.
Seated on one of the benches in the state house yard, Thomas Adams of Steelton, Pa., 26, out of work and depressed, took strychnine and died at St. Francis hospital an hour later. He was observed by an acting quacker and to be in great pain and was removed to the hospital. He at first denied having taken poison, but later admitted that he had taken strychnine, but did not explain his reasons.

150,000 Mark Passed.
State Automobile Registrar Walker announces the 150,000 mark has been passed in automobile license tags is sued.

Attractive Position.
The vacancy caused by the death of Dr. C. F. Gilliam, superintendent of the Columbus state hospital, seems to be very attractive to the physicians of the state, for the state civil service commission reports that applications to take the examination for appointment to the position are coming in from all parts of the state. There are seven on file now from Columbus physicians.

Former Sheriff Dies.
Charles A. Pearce, 62, former sheriff of Franklin county and a Republican leader, died at his home here.

Ohio Is Second.
Since the first of the year, the state automobile department has issued more than 140,000 licenses. Between 1,500 and 2,000 applications for licenses are received daily. The demand will continue to be heavy until about the middle of May, when it will then gradually taper off. Registrar W. H. Walker some time ago estimated that the total number of licenses for 1916 would reach 225,000, a gain of nearly 40,000 over the total for 1915. He now thinks the total will reach 240,000, Ohio is the second state in the number of automobiles, New York being first.

Charges Were Misconstrued.
Ohio National Guard officers are happy because United States Senator W. E. Borah has exonerated them from the charge that they embezzled federal funds given for promotion of the guard. The senator has assured Adj. Gen. Hough and Senator Pomerene that he did not mean Ohio Guard officers in his charge, but those of other states. He said that his charges had been misconstrued. A report prepared by the adjutant general's office showing the funds received from the government for the guard and how they were disbursed, which has been made a part of the congressional record, conclusively establishes that there was no misuse of these funds in Ohio. Most of these funds went to the enlisted men, and not to the commissioned officers, as it was intimated by Borah.

A Difference of Opinion.
There is a diversity of opinion among the members of the state building commission regarding what is meant by a building "complete." The legislature appropriated \$125,000 for a new dormitory for the Kent state normal school. Gov. Willis, a member of the commission, contends this is for the erection of the "dorm" and furnishings. Auditor of State Donahy another member, maintains that the money is for the building proper only and does not include furnishings. Special Counsel Charles Follett, representing Attorney General Turner, held with the governor. Representative Reighard, chairman of the house finance committee, says Donahy's view is correct. Secretary of State Hildebrandt, the third member of the commission, who is absent, upon his return to the city will give the decision which will decide the controversy.

Reimburse State.
The state of Ohio has been finally reimbursed for the loss of \$100,000 it had on deposit in the Euclid Avenue Trust Co. of Cleveland, which closed its doors in 1908. Monday the final installment of the money due the state was received from the bonding companies which were sureties on the money by State Treasurer Archer. A year ago the supreme court upheld the state's right to collect the money, and the bank's bonding companies have since been settling monthly. Interest on the money amounted to \$2,936.

Attacks School Code.
Suit filed in the supreme court on appeal from the Seneca county court of appeals seeks to attack the constitutionality of the school code provision which authorizes transfer of a rural school district on the border of one county to the next county. This action was taken by the Seneca county board of education in the case of the Seneca township district. The township board of education objected and filed suit. Both lower courts upheld the constitutionality of the provision.

Want to Issue Securities.
These applications for authority to issue securities were received by the public utilities commission: Youngstown & Sharon Street Railway Co., to issue to the Mahoning, Shenango Railway & Light Co. \$89,100 bonds, in exchange for funds advanced on improvements; Lake Shore Electric railway, \$47,000 5 per cent bonds, to reimburse treasury for improvements; Cleveland, Painesville & Eastern railway, \$28,000 5 per cent bonds, to reimburse treasury.

Commuted Sentence.
Charles Showell, Cincinnati prisoner, serving a 15-year penitentiary sentence for shooting a saloon keeper eight years ago, earned a commutation of sentence from Gov. Willis for recently saving the life of a prison guard, who was attacked by an insane prisoner. His sentence was commuted to 13 1/2 years and he will have about two years yet to serve. He was one of nine prisoners granted pardons or commutations by the governor.

Suits Are Dismissed.
With the tacit approval of Attorney General Turner, four suits against bondsmen of former State Treasurers W. H. McKinnon and Isaac B. Cameron for the recovery of interest on illegal deposits of state funds in banks were dismissed by the Franklin county common pleas court. The suits were filed by former Attorney General Dennen, but the interest has been recovered since then from the depository banks.

Doing Effective Work.
In March the various free employment offices of the state, located in the larger cities, found situations for more than 12,000 idle persons. New York bureaus placed 3,528 in situations, and those of Wisconsin, 2,477. It would seem from these figures that the Ohio offices are doing more effective work than similar ones of other states.

Under Knife at Hour for Wedding.
Ira Stalter of Upper Sandusky was operated upon for appendicitis at Grant hospital here at the very hour when he had expected to be married to Miss Helen L. Krause of Marion. If he recovers, the ceremony will be performed as soon as he is able to leave the hospital.

Urges Support of Road Bill.
Clinton Cowen, the state commissioner of highways, has sent telegrams to both Senator Pomerene and Senator Harding urging them to support the Shakerford road bill now pending in the senate, and which proposes to will arrange for convention.

Will Arrange for Convention.
Bert B. Buckley of Dayton, state fire marshal; George A. Stauffer of Ottawa, secretary of the board of agriculture, and Charles B. Wilson of Columbus, newspaper manager, will have charge of arrangements for the Republican state convention, to be held here June 21, it is announced.

Takes Case to Supreme Court.
The supreme court will have a chance to rule if county commissioners have a right to expend public funds for the purchase, repair and maintenance of automobiles, the question coming from Cuyahoga county.

PROTEST BY JAPAN

GOVERNMENT OBJECTS TO THE PHRASEOLOGY OF THE IMMIGRATION BILL.

"IS REFLECTION ON NATION"

President Wilson Requested by Emperor's Ambassador to Eliminate Coupling Japanese With Hindu Nationalities.

Washington, April 24.—President Wilson was asked by Viscount Suteiri Chinda, the Japanese ambassador, to have the phraseology of the Burnett immigration bill, now before the senate immigration committee, changed so that the apparent coupling of the Japanese people with those of Hindu nationality would be eliminated. The ambassador had talked the matter over with Secretary Lansing, and, at the request of the latter, asked the president today to take up the matter with Senator Smith of South Carolina, chairman of the committee. The president is expected to ask that the bill be changed to carry the language agreed upon in this connection two years ago when a similar proposition came up.

It is understood that the Japanese ambassador called the president's attention to the fact that the Japanese government had agreed to restrict coolie emigration to the United States at the time of the original California immigration dispute and protested that now to write a provision of this character into the bill would be an implied reflection upon the good faith of the Japanese nation. And the apparent inclusion of all of the Japanese people with the Hindu class, the ambassador explained, would be a serious affront to the Japanese.

FRENCH MAKE NEW GAINS

Continue Progress in the Region of Dead Man's Hill—Capture More Trenches

Paris, April 24.—The French continued to make progress in the region of Dead Man's hill on the Verdun front. The war office announcement reports the capture of German trenches and of four officers and 150 men.

East of the Meuse a fierce German attack was repulsed. In the sector south of Haudremont wood the French made gains.

The German statement admits that the French penetrated a German trench at Caurette's wood.

Athens, April 24.—German fliers bombarded a British camp at Tenedos, causing several casualties, according to advices received here.

COL. C. C. HORTON IS DEAD

Former Commandant of the Iowa Soldiers' Home Succumbs at Marshalltown

Marshalltown, Ia., April 24.—Col. Charles Cummins Horton, seventy-seven, widely known in Iowa, through a long public life, and for nearly nineteen years commandant of the Iowa Soldiers' home, died at his home here on Friday following a long illness. Colonel Horton served gallantly during the Civil war as a member of the First Iowa cavalry. He was a former member of the Iowa legislature and for several years commissioner of the United States land office and special examiner of the government pension bureau.

TAKE CHAIN OF HILLS WEST OF ERZERUM.

Hundreds of Turks Fall in the Battle—German Attack Near Dvinsk Repulsed.

Petrograd (via London), April 21.—An official report on Wednesday says: "In the Dvinsk region, south of Garbunovka, during the night of April 18 the Germans poured a tremendous fire into one of our trenches at the village of Ginovka, then attacked and carried a trench which we captured by a counter-attack."

"In the region west of Postavir our artillery dispersed enemy columns."

"In the Black sea one of our submarines, although attacked by an enemy airman, succeeded in sinking a steamer and a ship vessel near the entrance of the Bosphorus under a heavy fire from the enemy batteries."

"In the region of Aschka, west of Erzerum, our troops by a night assault carried a chain of high hills, which had been strongly organized. We captured four Turkish officers and 120 men. The enemy left hundreds of dead on the field."

"We annihilated some enemy elements which had been recently brought from Gallipoli, while the other Turkish troops which participated in the fight sustained heavy losses."

Constantinople, April 21.—Turkish volunteers' detachments successfully attacked British positions near Skeikh Said, east of Kut-el-Amara, the war office announced. On the Caucasian front combats continue in the Ashok valley and on the coast of Lauristan.

The report adds: "On the Syrian coast a seaplane, which ascended from a ship off Gazoz, was pursued by two aeroplanes which opened machine gun fire and which also dropped bombs on the hostile ship."

"On Tuesday a hostile monitor fired a number of ineffective shots at Karatash Point on the Island of Kensten, near Smyrna."

PROTESTS ARREST OF GERMAN

Von Bernstorff Claims Immunity for Wolf Von Igell, Former Secretary to Capt. Von Pappen.

New York, April 20.—After a desperate fight between federal agents and four Germans on the twenty-fifth floor of 60 Broadway, Wolf von Igell, former secretary of Captain von Pappen of the German embassy, was placed under arrest on Tuesday, on a charge of conspiring to blow up the Welland canal. Von Igell and his three companions were subdued only after the federal agents had drawn their revolvers and threatened to shoot. U. S. Judge Howe fixed Von Igell's bond at \$20,000 and it was furnished by a surety company.

Washington, April 20.—Acting on a protest from the German embassy, the state department asked that the department of justice release Wolf von Igell, secretary to Captain von Pappen, the recalled German military attaché, arrested in New York on a charge of conspiracy to blow up the Welland canal, unless the activities complained of were committed before Von Igell became attached to the embassy staff.

The embassy claims diplomatic immunity for him.

Canadian Dies After Fast.
Hot Springs, Ark., April 22.—J. R. Stratton, for 25 years a member of the Canadian parliament, died here after 36 days of fasting, and his physician, Prof. K. Feigels, is under arrest on a charge of manslaughter.

J. S. DENIED USE OF THE RAILROAD

GEN. OBREGON HAS REFUSED TO PERMIT FREIGHT SHIPMENTS TO AMERICAN TROOPS.

Cars of Oats and Hay Are Detained at Chihuahua—Not Permitted to Be Transported.

Western Newspaper Union News Service.
El Paso, Gen. Obregon has refused to permit freight shipments to the American troops over the National lines of Mexico. A copy of his telegram has just been received by Gen. Bell. It reads:

"The cars of oats and hay are detained at Chihuahua and will not be permitted to be transported to the American troops because no permission has been granted to send them over the Constitutionalist railways."

Notwithstanding the attitude of Gen. Obregon, 15 carloads of supplies consigned to private individuals will be sent out over the Northwestern railroad. This road is not a part of the system of Mexican National railways.

THOUSAND SOLDIERS GO DOWN.

Shanghai.—More than 1,000 soldiers and men of the crew of the steamer Hsin-Yu were lost when the steamer sank after a collision with the cruiser Hai-Yung, south of the Chusan Islands. The steamer, acting as a transport, was taking troops to Foo Chow. The collision occurred during a thick fog, and only one foreign engineer, 20 soldiers and 9 sailors out of 6 foreigners and more than 1,000 soldiers and members of the crew, were saved. The Hsin-Yu was a vessel of 1,629 tons. She was built in 1889 and was owned by the China Merchants' Steam Navigation Co. of Shanghai.

MILL COLLAPSES—RIVER RISES.

Marquette, Wis.—Water in the Menominee river rose 42 inches. Part of the No. 2 mill of the Marquette and Menominee Paper Co. collapsed and 500 men were put to work to save the main part of the plant, valued at \$200,000. Parts of North Menominee are under water and many persons were driven from their homes. Reports from up-river indicate a further rise. Should any of the dams give way heavy damage would result. The river is filled with logs, adding to the danger.

BELIEVED MISSING ARE IN RUINS.

Granite City, Ill.—Although 11 men and one woman are said to be missing no effort was made to search the ruins of the four-story lodging house destroyed by fire for fear the brick walls now standing would fall. Three men were hurt seriously, and two women, three men and three children were slightly injured. The proprietor of the lodging house estimated that at least 150 persons were in the building when the fire started.

3 SHIPS SUNK; 1 TOTAL LOSS.

London.—The Italian steamer Joseph Agost Tcherazac has been sunk by a German submarine. The crew was landed. Lloyd's announces that the French bark Chanaral, of 2,476 tons gross, was torpedoed. The crew is believed to have been saved. The captain and 16 hands of the British steamer Felicianas, 4,277 tons gross, have been picked up by a steamer, according to a Lloyd's report. Search is being made for the remainder of the crew. The Felicianas is a total loss.

TWO DAYS SPENT IN PRISON.

Madison, Wis.—Gov. E. L. Philipp, Wisconsin's financier executive, who has been spending \$15,000 more than his salary in his efforts to improve the conditions of state government, came home for Easter, after living two days in the state prison at Waupun, to study, at first hand, the conditions under which the prisoners are living and to assure himself that the Wisconsin penitentiary had recovered from the state of lax discipline which has existed for several years past.
